Dated 15th March 1913

To

Dewan of Mysore

Respected Sir

I the undersigned most respectfully beg to approach you with this application in the earnest hope that you will be pleased to give your best support to my intended proposal so as to crown my humble attempt with success

2nd My father the late Mr Shop Sidde Gowda was a resident of Saklaspur for upwards of 50 years, and during that long sojourn he was able to make a small fortune in Saklaspur. During his life time, he was fervently desirous of doing some work of charity particularly towards education which may outlive him, but finding that he would not be spared to complete what he did intend, he left behind him wards enjoining on me to fructify them in action He was aware of the non — existence of a decent and convenient-

convenient School building for the use of the Anglo-Vernacular School at Saklaspur and it was his great desire to build one in a suitable locality and make it over to Government for the purpose of the School and thus allow ~~the~~ his humble contribution to survive him.

3 As I understand that a proper plan and estimate has been prepared by Government for the construction of a School building at Saklaspur with a cost of Rs 8000/ and As I also here that a suitable site has been chosen for the same, I beg that you may be pleased to obtain the sanction of Government to permit me to construct the building at my cost, so that the long cherished desire of my father may take a real shape to perpetuate his memory by calling the School after his name and also of granting one other special Concession of giving free education to the backward Class viz - the Lingayet Students of the Malnad

4 I most humbly and respectfully solicit that you may kindly move with your strong recommendation the Government and obtain their early sanction to the proposal

For which act of benevolence I as in duty bound will ever be grateful to you

I beg to remain

Respected Sir,

Your most obedient and humble servant,

ಸಹಿ
